

GPNA Board meeting minutes: April 2nd, 2013

APPROVED

Agenda approved with amendment.

Elections note: Ron won't be defacto president again.

Good Neighbor Agreement (GNA) with Jacksons already approved, needs addendum specifying who the contact people on both sides will be.

Alameda NA about Irvington historic district- Jim Brown (?). Alameda opposes the overlap into other neighborhoods. This is a design review issue. Large areas of the specified district are not historic any more, in any case there is a national register process to delist the Irvington district or change the boundary. They are looking into the process. How to get neighbors involved and public interested?

GPNA has 129 structures included in the historic district. Alameda has over 400 and Sabin neighborhood numbers are unknown t this time. We need to explain what being in the district means to people clearly in the next newsletter.

Meeting adjourned.
